

Experience

Test Manager · Swiss Life

MULTI-YEAR · ENTERPRISE CRM & DIGITAL DELIVERY

Lead quality for complex enterprise delivery — aligning teams on risk, coverage, and release readiness across CRM and related digital workflows.

- Owned test strategy in agile delivery for multi-team CRM programs.
- Drove automation with Playwright, TypeScript, API testing, and structured testdata practices.
- Partnered with engineering and product so quality became a shared delivery signal — not a late gate.

Software Engineer · Freelance / Projects · Independent

ONGOING · WEB PRODUCTS & AUTOMATION

Building modern web applications while applying the same quality systems used in enterprise environments.

- Shipped fullstack products such as NavisSedes (ticketing) and Seatly (reservations) with Next.js, Prisma, and cloud data layers.
- Designed Playwright / Vitest suites and CI-ready automation as part of product delivery.
- Bridged QA depth and engineering ownership — from architecture decisions to shippable releases.

Selected work

NavisSedes

Live system serving paid and free events with interactive seating, 10-minute holds, Stripe checkout, QR tickets, and role-based admin check-in.

Next.js · Prisma · Neon · Stripe · Playwright · Vitest

Seatly

Deployed demo with city search, auth sessions, restaurant detail/menus, and reservation persistence across environments.

Next.js · Prisma · Neon · JWT · Playwright

Playwright Automation Suite

Published POM-based suite with HTML report UI — automation presented as a shippable engineering product.

Playwright · TypeScript · E2E · POM

Elikuren Website

Public-facing choir site with polished hero storytelling and clear navigation for concerts and participation.

Next.js · React · TypeScript · Tailwind

Stack

Core: TypeScript, React, Next.js, Playwright, Node.js

Platform: Prisma, Postgres, Stripe, Neon, Cloudflare, GitHub Actions, AWS
